EXPERIENCE

DESIGN ASSISTANT JANUARY 2014 - PRESENT

Julia Jordan Dresses | New York, NY

- Assists designer in preparing presentations, including sketches, line sheets, look books, and posters using Photoshop, Illustrator, and Indesign
- Works with various members in the sample room to ensure dress fabrication runs smoothly and all fabrics, patterns, and trims needed are readily available
- Assists designer with layouts for laser cut, trim, print, and beading patterns
- Sorts and catalogues all incoming fabrics, trims, and prints
- Sources matching trims, linings, zippers from retail stores for fabrication of showroom samples

GRAPHIC DESIGNER SUMMER 2012 - SEPTEMBER 2013

Ann Arbor T-Shirt Company | Ann Arbor, MI

Custom t-shirt printing company with online retail

- Designed over 130 graphic tees in Photoshop and Illustrator for retail sale over the course of 3 months
- Worked independently both from home and in the office on a docket of given design prompts
- Ensured all designs followed specific print standards
- Critiqued and worked with feedback from fellow graphic designers

STUDENT FALL 2012 - WINTER 2012

ArtDes 300: 3D Production Pipeline | Ann Arbor, MI

2 Semester course where students worked collaboratively to create a short 3D animation simulating real world production pipelines

- Joined both concept development and modelling teams to help project meet goals and deadlines promptly
- Designed, modeled, and textured main character with Maya while simultaneously learning Zbrush
- Designed prop, character, and story concepts to be passed down the pipeline for modeling
- Volunteered with small group to develop central characters, story details, and stylistic choices. Met periodically to critique and improve animation
